

Stop Gap Grant application guidance

What is a Stop Gap Grant?

Working in film and TV can be exciting and rewarding but we know it can also be tough. Working from project to project can lead to financial pressure and mean that you can't always manage an unexpected challenge or access opportunity.

Our Stop Gap Grants are here to help. We offer one-off awards of generally no more than £500. Our grants are open to anyone currently working in UK film, TV and professional cinema services, or who have at least 18 months of recent professional experience*.

Our grants will be prioritised to those who are experiencing the greatest need and have the least financial resilience. These grants are for individuals working in the UK in film, TV and cinema, and we are unable to fund project development or production.

Am I eligible?

To be eligible, you will have been in paid or funded film and TV industry work for at least 40 days in the last 18 months OR have worked at least 2 years in the last 10 years in film and TV and are seeking funding to return to work after a career break.

Your work may have been in any behind-the-scenes role, anywhere in the film, television, or cinema value chains. This is defined as working in a role that contributes to the creation, dissemination, or commercial exploitation of moving image entertainment content for:

- Broadcast and on-demand television in the UK
- Paid-for original content streaming services
- Cinemas (a confirmed run of at least 10 screenings)

We provide limited support to front-of-house cinema workers, including free access to our Support Line and online resources, but are only able to provide financial support to those (Front of house, back office, or technical teams) that have worked fulltime (minimum 20 hours per week) in the cinema trade for at least 18 months in the last two years.

Some of your professional experience may be unpaid, but the proportion should be appropriate to your career stage.

At our discretion we may also consider short films or features films that have only screened at festivals. Read a list of eligible festivals [here](#).

Experience in the following will not count towards your eligibility:

- Moving image made for non-entertainment purposes, including corporate videography, commercials, music videos, community or campaigning filmmaking, and education or training.
- Any front-of-camera role, including presenters, actors and supporting artists.

We are unable to award grants to applicants who do not meet our criteria, so it is very important to check these before taking the time to apply.

Assessment criteria

As a charity, we need to carefully consider where our limited resources will have most impact. We therefore base our assessments on:

- **Need:**
 - The need is urgent and will have a significant detrimental effect on your health, career or finances if not met.
 - You have no recourse to income, accessible savings* or statutory funding to cover the cost
 - You face additional barriers personally and or professionally.
- **Financial resilience:**
 - You are unable to draw on other means of financing the cost.
- **Impact:** ○ it will have a demonstrable positive impact on your health, career or finances.

*Accessible savings **do not include** the following:

- Funds set aside to cover tax or NI liabilities for the previous tax year or for work already completed and paid in the current tax year
- Funds in officially designated pension schemes
- Funds in junior ISAs for dependent children
- Funds in a Lifetime Isa

What can I apply for?

Grants are generally no more than £500, **although we may consider requests up to £750 at our discretion.**

Stop Gap Grants are for immediate need support with:

- Rent
- An interest-only mortgage payment (please check out the Mortgage Charter via Direct.gov)
- A utility bill or council tax bill, or debts that relate to these (on production of evidence)
- Another pressing need due to the cost of living such as groceries
- Bankruptcy costs

Our support may only be a contribution to need and may not always cover the full amount needed. All grants are assessed on their own merit, need and budget.

Please note:

- You may only apply for a Stop Gap Grant once in a 12-month period. If you apply for a subsequent grant after the 12 months have expired, we will consider the impact our previous grant had on your situation and as such a repeat grant will not always be given.
- You will not be able to claim repayment of costs already incurred

We are unable to provide grants to cover the following costs:

- Project costs including development or production
- Business debts including accountant fees and tax debt
- Travel (unless under extreme circumstances and related to industry work/career)
- Storage costs
- Repayments to family or friends
- Costs relating to County Court Judgements
- Driving lessons
- Vet bills
- Course fees
- Credit card and loan debt
- Other monthly debt repayments
- Opportunities
- Private medical costs • School uniform
- Clothing or footwear
- White goods (unless a medical emergency need)
- HMRC related fees, such as tax

How do I apply?

Please complete the form on our website to apply for a Stop Gap Grant. As part of your application, you will need to complete [our budget planner and benefits finder tools](#). We also recommend that you seek appropriate financial information, advice or guidance before applying.

You will receive an automated email to confirm your application has been received. We will process your application within 10 days and will be in touch to confirm the outcome or discuss any further information that we might need.

If you have any questions about your application, you can contact us via email, grants@filmtvcharity.org.uk.

What if I need more support?

If you are in a more complex situation and our grants are unlikely to meet or resolve your needs, we may still be able to help.

We have a small team of Work and Wellbeing advisors who can work closely with you over a short period to help you think through your options and get back on track. They can discuss your ongoing needs and agree a support plan with you. They will offer information, guidance, and practical support to help you to improve your long-term situation and resilience.

If you feel this support may be what you need, please register your interest by completing [this form](#). One of our friendly work and wellbeing advisors will contact you to arrange a meeting to discuss your situation and needs and see if they are able to help.
